Clay

Target Age: Middle Two-Year-Old

Materials You Will Need: plastalina clay

Skills Learned: 
* Eye/Hand Coordination
* Creative Expression
* Pre-Writing
* Tactile Stimulation

Activity Category: 
* Sensory Experiences

Activity Contributor: Beth Bronsil, M. Ed.

What To Do:
Plastalina clay (soft clay) can be found at most art stores and will introduce a new art medium to your child. It has a different texture from play dough and it never hardens!

Let your child play with this clay for a long time. Clay is a calming activity for your child and it develops fine motor skills.
