

Loud and Soft

Target Age:

Early One-Year-Old

Materials You Will Need:

containers, rice, macaroni, salt

Skills Learned:

- * Listening
- * Sound Discrimination

Activity Category:

- * Sensory Experiences

Activity Contributor:

Beth Bronsil, M. Ed.

What To Do:

Today's activity will help your child begin to understand "loud" and "soft" sounds. Make your own shakers. Use small plastic containers. Put salt in one, rice in another, and macaroni in another. Shake them and identify each sound as loud or soft. Use these words frequently to reinforce the concept.
