Rice Dig

**What To Do:**
Children learn through the sense of touch. Pour a box of rice into a plastic container. Hide five objects in the rice, (small toy cars, etc.). Enjoy watching your child dig and find the toys. Count as your child uncovers them.

**Target Age:**
Middle One-Year-Old

**Materials You Will Need:**
rice, plastic container, five small objects

**Skills Learned:**
* Tactile Stimulation

**Activity Category:**
* Science Adventures
* Sensory Experiences
