Butterfly Baggie Craft

Materials

Ziploc baggie
Construction or tissue paper
Pipe cleaner or clothes pin
Scissors

Directions

1. Cut the top off the baggie that sticks up above the zipper.
2. Cut paper into squares, crumple them and place them inside the baggie. Fill the baggie about half full.
3. Squeeze out the air in the baggie and seal it tight. Gather it in the middle and wrap and twist a pipe cleaner around the center. Twirl the ends to make the butterfly's antennas. Alternate idea is to gather with a clothes pin to form the body of the butterfly.
