Homemade ice cream
Milk can become homemade ice cream in five minutes! Have each child make a serving equal to one scoop of ice cream.

What you'll need:

- 1 tablespoon sugar
- 1/2 cup milk or half and half
- 1/4 teaspoon vanilla
- 6 tablespoons rock salt
- 1 pint-size plastic food storage bag (e.g., Ziploc)
- 1 gallon-size plastic food storage bag
- Ice cubes

Instructions:

1. Fill the large bag half full of ice, and add the rock salt. Seal the bag.
2. Put milk, vanilla, and sugar into the small bag, and seal it.
3. Place the small bag inside the large one, and seal it again carefully.
4. Shake until the mixture is ice cream, which takes about 5 minutes. Wipe off the top of the small bag, and then open it carefully. Enjoy!
