

# Painting the Sidewalk

## Target Age:

Late Infant

## Materials You Will Need:

small brush with handle

---

## Skills Learned:

- \* Upper Body Strength
- \* Eye/Hand Coordination
- \* Creative Expression
- \* Gross Motor

## Activity Category:

- \* Sensory Experiences

## Activity Contributor:

Beth Bronsil, M. Ed.

## What To Do:

This fun activity will help develop your child's upper body strength. Locate a small brush with a handle. Weather permitting, take your child out to the sidewalk or into the garage. Put the brush in a small bucket of water. Show your child how to "paint" the sidewalk or garage floor.

## Variations:

Take a bucket and small brush with you the next time you go to the swimming pool. Your child will love painting the pavement and furniture!
